

Lake Nona, FL Team Joins Planet Home Lending

Expanding national lender offers home loans tailored to the city's unique population

MERIDEN, CT. - Oct. 4, 2021 – [Planet Home Lending, LLC](#) has hired Area Sales Managers John Rivera (NMLS# 869967) and Cesar Delgado (NMLS# 320626) to lead its aggressive growth in Florida and Puerto Rico.

Joining them are Assistant Branch Manager Adrienne Castillo-Lake and Mortgage Loan Originators Andres Escobar (NMLS# 859058), Jorge De Gracia (NMLS# 1673323), Maria Portolatin (NMLS# 1802144), Brenda Garcia (NMLS# 302094), Edison Denizard (NMLS# 240720), Jason Braddock (NMLS# 2019685), Lorena Gallisa (NMLS# 2037624), and Jairo Ruiz (NMLS# 2041852).

“Planet Home Lending is a great fit for Florida and Puerto Rico because we offer loans today’s homeowners need,” said Michael Dubeck, CEO and President of Planet Financial Group, LLC. “This team is especially skilled at helping homebuyers and homeowners who want to tap into historically low interest rates.”

A Florida-area lending and real estate professional for nearly two decades, Rivera understands the importance of offering personalized loan choices instead of a one-size-fits-all approach.

“Many houses in Lake Nona and Orlando are seeing nearly a dozen offers and sometimes as many as 20 offers per property,” Rivera said. “Planet Home Lending has products to make your offer stand out from the competition.”

Delgado, who has been in the mortgage industry since 2002, said his team often assists people who want to buy a home even with high prices and housing inventory shortages. Additionally, the team can help borrowers refinance their home loan to pay it off sooner or lower their rate.

Planet Home Lending also offers home loans to borrowers who are outside the standard credit box, including self-employed people, business owners, retirees, and real estate investors.

No matter which home loan borrowers choose, they benefit from Planet Home Lending's online digital mortgage assistant, used to apply and submit documents via connected devices, such as a cell phone.
